SUMMARY

Motivated and detail-oriented Computer Science student specializing in Full Stack Web Development. Skilled in creating dynamic and responsive web applications using modern technologies like Node.js, React.js, PHP, and MongoDB. Strong understanding of both front-end and back-end principles, eager to contribute to real-world projects and continue growing as a professional web developer.

EDUCATION

- **Government Polytechnic College, Bhojpur (Bihar)**
Diploma in Computer Science & Engineering — Expected June 2026
- **SP Jain College, Sasaram (Bihar)**
Intermediate (Science) — March 2023
- **Utkramit M S Hathini, Rohtas (Bihar)**
Matriculation — May 2021

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Khabai Tech, Hajipur, Bihar (June 2025 – July 2025)

- Built and optimized back-end features using Node.js, Express.js, and MongoDB.
- Designed and integrated a contact form system with backend storage and validation.
- Gained hands-on experience in REST API development and cloud deployment.

Web Development Intern — Khabai Tech, Hajipur, Bihar (Sep 2024 – Oct 2024) •

Developed responsive web interfaces using HTML5, CSS3, Bootstrap, and JavaScript.

- Collaborated in team projects using Git and GitHub for version control.
- Focused on UI/UX enhancement and performance optimization.

PROJECTS

- **Hostel Management System**
Developed a complete PHP-MySQL based management system with student and payment tracking.
- **E-Commerce Website**
Created a dynamic Node.js + MongoDB online store with user authentication and shopping cart.
- **Online Voting System**
Secure voting portal with OTP authentication and real-time vote count using Node.js and Express.
- **Class Attendance System**
Designed a responsive web app for recording and managing classroom attendance.
